

# Digital Mellotron Sound List

Here is the list of the sounds that will be included in the M4000D Digital Mellotron. It is a total of 100 Mellotron and Chamberlin sounds.

Expansion cards with more sounds (leads and rhythms) will be available soon.

Doing this list it was hard to take away the sounds that wouldn't fit on the card. All the MkI, MkII and Chamberlin Music Master 500 sounds are included, because they are the foundation of the sound libraries. Then there are ca half of the M300 lead sounds and almost all of the M400 sounds in here.

A lot of the M series sounds that are not already in the Music Master 500 are also included. These are most of the well known M series sounds that are not Music Master 500 sounds.

## **Mk I Lead sounds** (15 sounds, remaining three same as MkII)

- MkI Clarinet
- MkI French Horn
- MkI Marimba
- MkI Trombone
